Dear Jessamyn West:

The President was delighted with the chart identifying the people in the family picture you so graciously sent to him. Also, he thinks both Tricia and Julie would be very happy to have a copy of the picture and the chart and when you have a chance I hope you will send them along either directly to the girls or through me.

I hope you are well and not working too hard and more than that I hope we will meet again soon.

With best personal regards,

Sincerely,

Rose Mary Woods  
Secretary to the President

Dear Rosemary Wood,

Thank you more than I can say for your consoling letter about Vidali's play. - or about my part in it. I was really sickened when I was told about his use of that line, picked up - and used in absolute opposition to its original meaning - from I know not where.

I appreciate it the more knowing that you wrote me at a time when there really was not time to write.

After I sent the family picture to the President I had a pictograph with identifying names made. I enclose it with this letter.

I have more pictures of the President  
Should by chance want copies for Julie,  
and Tricia.

The man who does the enlargements was born in Vienna, a real artist. I thought he might be interested in the fact that the photograph included pictures of the President's mother, grandmother and great grandmother. Not at all. He is a Jehovah's witness, never votes and thinks the world with end - probably next week. Meanwhile he makes good pictures.

Sincerely and with gratitude, Jessamyn West

Dear Jessamyn West:

It seems like forever since our visit coming back from Ireland - do hope you will be coming through Washington again one of these days so we can get together.

The President is so delighted to have the picture that was taken at your great grandfather's home in 1887. Would it be possible for you to send him the names of the people in the picture, with a left to right identification, so we could prepare it for the Nixon Library? I am assuming that you have a copy of the picture -- if not and you need to have this one returned so you can send us as much information as possible, just let me know.

I do hope this note finds you well and happy.

With best personal regards,

Sincerely,

Rose Mary Woods  
Secretary to the President

Dear Richard

You may have this picture, but perhaps not in this restored and enlarged form. You probably recognize every one in it. The picture was taken in 1887 at great grandfather's home. I hope you got to see his house and farm when you were in Indiana. He turned down the fertility (and monotony) of Illinois and Iowa after a trip there for the beauty of Southern Indiana. He was an artist at heart.

Your mother, grandmother and great grandmother are in the picture. It's odd how little some of the people changed over the years. "Little" Mattie and your grandmother, my Aunt Allie, were not touched by time.

I'm just home from speaking to the yearly convention of Indiana Librarians. The only time they interrupted my speech with applause was when I said that at 17 it had been my intention to go to China to teach girls to play basketball. "I anticipated the President's Chinese policy by fifty years." Great applause -- for your policy, not my basketball, it was apparent.

If you keep on, I may, like your father before me, get turned around politically before the year is over.

My love and best wishes to you and Pat and the girls.

s/Jessamyn

**MEMORANDUM FOR ELISKA HASEK**

**FROM ROSE MARY WOODS**

The President has requested that from now on the birthday greetings for his family - Don, Ed and their families, etc., be telegrams. They have all received two or three letters now and he wants the telegrams to be prepared so that he does not have to sign them in the future. They can just say something along these lines: Aunt Pat joins me in sending our congratulations and best wishes on your birthday. OR -- Happy Birthday and \_\_\_\_\_.

We want to cut down on the repeat letters he has to sign.

November 10, 1969

TO: Bessie Newton

FROM: Rose Mary Woods

You will note from the attached copy of a memo I am sending to Eliska Hasek that the President is going to send a birthday letter to some of his immediate relatives.

If Mrs. Nixon would like we could also have letters prepared for the Ryans, Neva Renter and Matt Bender.

Also, at the President's request, we have had one of his golf balls, a pen and an inaugural medal encased in lucite sent to the William and Tom Ryans and their children, Matt Bender, and Neva and Marc Renter.

February 14, 1969

TO: Miss Mondlock

FROM: Rose Mary Woods

I believe we should hold on to the letters regarding the President's genealogy until we can get from our files that are in storage all of the information that has been compiled on the Nixon and Milhous families by Dr. Raymond M. Bell of Washington and Jefferson College.

Dr. Bell started sending us information in 1953 and during the Vice Presidential years we did have a mimeographed sheet that we sent out which took care of the majority of inquiries.

I should have this file within the next few days so we can pull some of this information together.

October 22, 1969

TO: Lucy Ferguson  
FROM: Rose Mary Woods

The President would like to have the following items sent to each of the relatives on the attached lists:

Pen  
Golf Ball  
Inaugural Medallion in Lucite

I am sending each of them a note to let them know that the President wanted them to have these items and that they will be coming under separate cover.

Thanks.

MARJE

Please have Lucy Ferguson have the following things wrapped and sent to each of the relatives listed below:

Pen  
Golf Ball  
Marriott-type medal

(Then will you list all of the children and adults so that she will make up that many packages)

✓ F. Donald Nixon  
Clara Jane Nixon

(their children)

-----  
✓ same for Ed Nixon/ all the Ryans and Neva Renter and Matt Bender ✓  
✓ ~~probably~~ (probably better include that June Rogers too) ✓

and their children (you will have to probably go to the inaugural lists to find all of them)

-----  
✓ Also Barbara and Ned Sullivan ✓ and their children

BUT NO OTHER RELATIVES -- he specifically said not the Connecticut ones.

tk

~~insuppose~~

Maybe Mary would prepare a little form to each one from me saying that the President wanted each of them to have the various articles he has given to people from time to time.
