THE U. S. INDUSTRIAL PAYROLL SAVINGS COMMITTEE

I. THE COMMITTEE

A. Contribution to the Nation.

"Through the years the U. S. Savings Bonds program has been one of the significant means of spreading the ownership of the debt widely among the American people. The success of this effort over the past six years has been largely due to a committee composed of the chief executives of America's leading companies which has organized and directed highly productive annual Payroll Savings campaigns. These have made a major contribution to sound management of the debt and to our efforts to maintain the value of the dollar." - Secretary of the Treasury Henry H. Fowler.

B. The 1968 and 1969 Chairmen

William P. Gwinn, Chairman, United Aircraft Corporation, is the 1968 Chairman of the Committee. His successor, who will take office as 1969 Chairman at the Committee's meeting in Washington, D. C. on January 8, 1969, will be James M. Eoche, Chairman of the Board, General Motors Corporation.

C. The 1968 Campaign

The Committee's 1968 campaign is an example of exceptional accomplishment by the business community in behalf of the Nation. The campaign was spearheaded by 1968 Chairman Gwinn, and 54 members of the Committee, each the top executive of one of America's major corporations.

The sales of E Bonds and Freedom Shares in the \$25 to \$200 denominations--bought chiefly by Payroll Savers--will be \$3,800,000,000, the highest amount since World War II and more than one billion dollars a year higher than in 1962, the year before the Committee began its campaigns.

The year's goal for the sign up of employees either as new Payroll Savers or regular savers for increases in their allotments has been eclipsed. The Committee had as its target spearheading the enrollment of 2,000,000 savers in 1968. In the first eleven months, 2,302,109 savers have been signed up, in industry and among civilian employees of the Government, total sign ups for the year will be close to 2,400,000.

Members of the Committee, as part of their work in the 1968 campaign, organized Payroll Savings drives in 22 major business centers and 27 basic industries. These campaigns also provided the pattern for community Payroll Savings campaigns in 145 additional areas. Committee members also conducted drives in their own companies which have served as examples and an inspiration for their communities and industries. In their own companies Committee members have signed up ~~342,447~~ <sup>463,948</sup> new Payroll Savers and ~~226,964~~ <sup>254,741</sup> savers for increased allotments or an impressive total of ~~569,411~~ <sup>718,689</sup> 193,488 of their employees signed up for Freedom Shares. <sub>265,604</sub>

The Committee met with Secretary Fowler in Washington on January 9. The following day the Committee was joined by executives of several hundred other large companies, to officially launch the 1968 Share in Freedom Savings Bonds campaign. Upon their return home, the members of the Committee and the businessmen volunteers heading the campaign in other areas brought together the top executives of the principal firms of their areas and industries in luncheon and dinner meetings.

The members of the Committee followed up on the meetings with personal visits, telephone calls, and letters to company heads and talks to trade associations and other business groups.

Through personalized letters to the presidents of 18,300 companies, full page advertisements in the Wall Street Journal, a sound motion picture, brochures, and publicity, Chairman Gwinn helped to develop campaign awareness throughout the country and to prepare the way for the personal sales work by Committee members and other Savings Bonds volunteers and staff.

The 1968 campaign also noted the tangible benefits that come to the individual and his family through the systematic purchase of E Bonds under the Payroll Savings Plan. In Mr. Gwinn's words, "Human nature being what it is, the Payroll Savings plan is by far the easiest way for most people to save regularly. The payroll saver doesn't have to defend his resolution at the end of every week. He makes his choice once and his purchases of Savings Bonds continue automatically until he elects to make a change. As one employee expressed it, 'if you don't see it, you don't spend it.'

"Aside from the practical benefits of Payroll Savings to employer and employee, there is another very compelling reason to support the program -- and that is patriotism. Patriotism has not gone out of style. There just happens to be a tendency today to take everything for granted, including our country. Supporting Payroll Savings is a practical expressing of patriotism, for employer and employee alike."

D. Business and Bonds

Americans have traditionally expressed their love of country and their faith in our Nation and in its future by buying U. S. Savings Bonds and by serving as volunteer Bond salesmen.

The U. S. Savings Bonds program was begun in 1941 as a wartime measure to strengthen the economy. From the beginning, the Payroll Savings Plan, originated and conducted by business and industry, was the backbone of Savings Bonds sales.

Today Payroll Savings accounts for about two thirds of the total sales of E and H Bonds and Freedom Shares (introduced in May 1967.)

E. History of the Committee

Because of the need to increase Bond sales as an aid to the management of the public debt, Secretary of the Treasury Douglas Dillon in late 1962 asked a group of outstanding business executives to form the U. S. Industrial Payroll Savings Committee to give new impetus to the Payroll Savings Plan.

The Committee campaigned in 1963 under the leadership of Harold S. Gensen, Chairman and President, International Telephone and Telegraph Corporation. In 1964 the Committee was led by Frank R. Milliken, President, Kennecott Copper Corporation. The Committee's Chairman in 1965 was Dr. Eimer W. Engstrom, Chairman of the Executive Committee, Radio Corporation of America; in 1966, Lynn A. Townsend, Chairman of the Board, Chrysler Corporation; in 1967, Daniel J. Haughton, Chairman of the Board, Lockheed Aircraft Corporation.

The response of the business community to the leadership provided by the Committee was immediate and dramatic.

(Over)

The 1963 campaign under Harold Geenen stimulated the largest enrollment of new Payroll Bond Savers since World War II. The Committee's campaigns in each subsequent year helped establish new highs in employee Payroll Savings in E Bonds and Freedom Shares. As noted earlier, the yearly sales in the \$25 to \$200 denominations are running more than one billion dollars greater than in 1962, the year before the Committee began its work.

The campaigns have received strong support from the leaders of organized labor.

F. Presidential Recognition

President Kennedy received the Committee at the White House, November 5, 1963. President Johnson met with the Chairman and members at the White House on January 12, 1965, and January 6, 1967, and sent the Committee a message from Texas which was read by Secretary Fowler at its January 9, 1968 meeting. Presidents Kennedy and Johnson praised the Committee for remarkable accomplishments benefiting the Nation. They and Treasury Secretaries Dillon and Fowler credited the Committee and the business community with making a significant contribution to maintaining the strength of the dollar through advancing the widespread ownership of U. S. Savings Bonds.

G. The 1969 Committee

The Nation's largest markets and major industries will both be represented on the 1969 Committee. ~~Twenty-two~~ <sup>thirty-three</sup> of the Committee members will be responsible for organizing the campaign in their respective geographic areas. Their efforts will be reinforced by 29 additional members who will concentrate on the largest employers in their respective industries. The Committee membership also includes Mr. Roche as Chairman and his predecessors, Mr. Gwinn, Mr. Haughton, Mr. Townsend, Dr. Fogstrom, Mr. Milliken, and Mr. Geenen.

116 The Committee will spearhead the Payroll Savings effort throughout the country. The commitments the members obtain for campaigns in the large interstate companies will produce Payroll Savings sign-ups in offices and plants throughout the Nation. The community campaigns which the area members organize in their respective markets will serve as an example for ~~25~~ additional major markets, many of which will organize similar campaigns headed by businessmen volunteers. The bulk of the Nation's large companies are headquartered in these markets and those covered directly by Committee members.

## II. U. S. SAVINGS BONDS AND FREEDOM SHARES

- A. Approximately forty thousand companies, large and small, operate the Payroll Savings Plan as a patriotic service and as an employee benefit program - without charge to their employees or the Government.
- B. Series E Bonds were first offered for sale in May 1941. These Bonds, on which the interest accrues, are the most popular Government security in the history of our Nation. E Bond denominations range from \$25 to \$10,000. (There is also a \$100,000 denomination E Bond which is limited to employee savings plans.)

Series H (Current-income Bonds) were first introduced in June 1952.

Freedom Shares were introduced in May 1967. They are sold only to Series E Bond buyers on approximately a one-for-one basis. Their original yield of 4.74% was raised to 5.0% on Freedom Shares sold from June 1, 1968, when held to maturity - 4½ years. They may be redeemed after one year. They are available in four denominations with face values like E Bonds - \$25, \$50, \$75, and \$100 - with a maximum deduction of \$81 per month, and of 1,350 face value annual purchase and holding limit. They have the same tax deferral privilege as E Bonds and interest is not subject to state or local income or property tax.

Both E and H Bonds pay 4.25%, compounded semi-annually, when held to maturity. E Bonds have a 7-year term and H Bonds, 10 years.

- C. Unit sales of E Bonds and Freedom Shares in 1967 totalled 120,000,000 individual pieces, a 22-year record peak. Of the total, 98 per cent went in the denominations chiefly bought by Payroll Savers - the \$25's, \$50's, \$75's, \$100's, and \$200's. Unit sales so far in 1968 are running 8% ahead of 1967.
- D. Per capita savings in E Bonds by Payroll Savers have increased in the past few years and are currently running at a monthly average of \$25.
- E. The 1965 Census of Shareowners conducted by the New York Stock Exchange revealed that 53 per cent of the Nation's shareholders own Savings Bonds.

(Over)

- F. The average investment in Savings Bonds remains outstanding for more than seven years, thus advancing the Government's effort to improve the maturity structure of the debt.
- G. Since 1941, \$167 billion worth of E and H Bonds and Savings Notes have been sold, including interest accruals on Series E and Savings Notes. Of this amount, nearly \$52 billion is still outstanding. The remaining \$115 billion has been cashed in and gone back into the economy for use in buying houses, cars, home improvements; financing education; retirement; etc.

Since 1946, the Federal debt has grown from \$259.5 billion to \$354.9 billion (August 31, 1968.) The so-called privately-held sector of the debt - that not accounted for by placements in the Federal Reserve and Government investment accounts - has gone from \$205 billion in 1946 to \$222½ billion - an increase of over \$17 billion.

During the same period, E and H Savings Bonds (and Freedom Share) holdings have increased by over \$21½ billion, thereby aiding materially in postwar debt management.

E and H Savings Bonds (and Freedom Share) holdings now account for 23 per cent of the debt held by commercial banks and private investors in contrast with 15 per cent in 1946.

FROM: Dwight Cimpin

Re: NH Visit to Chicago,  
January 3-4.

December 19, 1968

Mr. Nixon will arrive in Chicago the afternoon of January 3rd, and proceed to the Blackstone Hotel. Mr. Nixon will stay at the Blackstone over night.

The evening of January 3rd, Mr. Nixon will attend a black tie dinner for 500 guests (men and their wives), which is tentatively scheduled to be held at the Blackstone Hotel. This dinner will be hosted by Clem Stone and is in honor of Secretary-designate Shultz and Secretary-designate Kennedy.

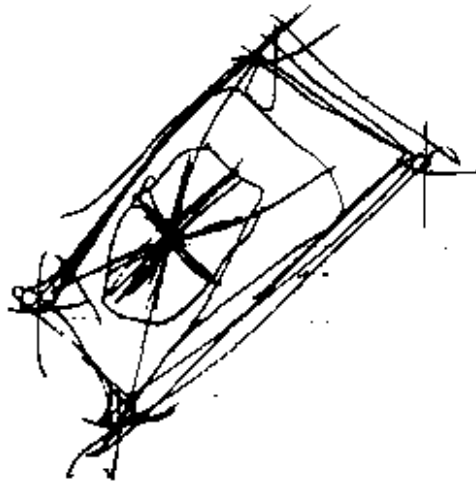

The guest list will include top business, political, civic, bank, and boys club figures from the Chicago area.

The program for the evening will be kept relatively simple with music during the dinner period, perhaps the singing of the Star Spangled Banner, and a short program where Mr. Stone, acting as the Master of Ceremonies, introduces Secretary-designate Kennedy and Secretary-designate Shultz. Mr. Nixon will also be required to make brief remarks.

Ron Eielger should contact Bob Athy in Mr. Clem Stone's office in Chicago regarding press arrangements. Athy's phone number in Chicago is 273-8000.

Thank you.

MEMORANDUM

December 13, 1968 ✓

TO: Appearance File

FROM: Dwight Chapin

RE: Combined Salute to Dick & Pat Nixon/RN Birthday Party  
Scheduled for January 2nd

I talked to Bob Beaver in Orange County who outlined the thoughts the people of Orange County have regarding a special salute to the Nixon's for January 2nd. Following are some of the details.

Sponsoring Committee

The Chambers of Commerce of the northern part of Orange County, which include the Anaheim, Fullerton, Yorba Linda, Whittier, La Havre, La Brea, Buena Park, and Puente communities, would sponsor the event.

Location of Event

The event would be located in the Anaheim Convention Center, which will be donated by the Mayor. It is estimated that they can seat 10,000 in the main part of the Convention Center and by using the Exposition Hall and some of the Standing Room, they can handle another 6,000 people.

Time

They prefer to hold the event in the evening some time after 7 PM.

Tickets

Admission would be by ticket only and I have been assured that there would be tickets available to special groups which are and would want to attend.

Program

The feeling now is to have a program where six to eight old friends of Mr. Nixon's would participate. Each person would stand and talk for one to two minutes telling of some interesting story about the President-elect. The type of person they would have includes Chief Neuman and Dr. Len Schular. They would also have a cake and sing happy birthday to the President-elect.

Additional Notes

Mr. Beaver also suggested that a special room be set aside where Mr. Nixon could meet with members of the local Lincoln Club as he exited the Auditorium. No encouragement was given on this particular matter.

Next step, Chapin to review with Haldeman and to get back to Beaver as soon as possible, also to assign advance man.

LYNN A. EDWARDS  
CHAIRMAN OF THE BOARD

November 21, 1968

Dear Miss Wood:

Among the responsibilities of the President-elect and the Secretary of the Treasury-designate will be that of managing the public debt. In this regard, through the years the United States Savings Bonds program has been one of the significant means of spreading the ownership of a portion of this debt widely among the American people. The success of this effort over the past six years has been largely due to a committee composed of the chief executives of America's leading companies which has organized and directed highly productive annual Industrial Payroll Savings campaigns.

Certain support and participation from the new administration will be helpful in advance of the presidential inauguration on January 20 to make it possible for this group of volunteer business leaders to serve effectively in 1969.

I understand that Secretary Fowler has prepared a memorandum on this subject as part of the changeover process, but since the campaign will be officially launched on January 8, there are certain things that we should have answers to reasonably soon. Among them are:

1. The assurance that the President-elect is in favor of the Industrial Payroll Savings Bonds campaign as it is now being conducted.
2. The full participation of the next Secretary of the Treasury in the campaign and his attendance, if possible, at the kickoff luncheon at the State Department on January 8. We understand that although Secretary Fowler's resignation will be effective before that time, he plans to attend the luncheon on January 8 and would welcome the participation of his successor.

November 21, 1968

Page 2

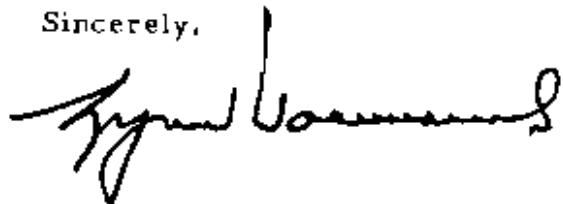

3. Both Presidents Kennedy and Johnson have been willing to be filmed delivering a short message for a motion picture used in connection with past Payroll Savings campaigns. We would like to have President-elect Nixon do the same for the 1969 campaign. We feel this is very important to the success of this campaign.

On behalf of the men who have served or will serve as chairmen of this group, I wish to request an appointment with President-elect Nixon to discuss this subject. We believe the essentials can be covered in fifteen minutes. The participants in this meeting will consist of several of the national chairmen who will be available at the time and place the President-elect suggests. These national chairmen, in addition to myself, are:

Harold S. Geneen, Chairman and President, International Telephone & Telegraph Corporation  
Frank R. Milliken, President, Kennecott Copper Corporation  
Dr. Elmer W. Engstrom, Chairman of the Executive Committee, Radio Corporation of America  
Daniel J. Haughton, Chairman of the Board, Lockheed Aircraft Corporation  
William P. Gwinn, Chairman, United Aircraft Corporation  
James M. Roche, Chairman of the Board, General Motors Corporation

An early appointment would be most helpful and greatly appreciated.

Sincerely,

Miss Rosemary Wood

NL 1968

Dear Mr. Nixon,

Having hoped and prayed for the last few days that you would "make it" because I felt for all my friends who were rooting for you - I am now absolutely thrilled to add my humble and small word of congratulations to you on your wonderful success.

You may just dimly recall that subsequent to your address to The Committee of One Hundred in Miami last April, my good friend Jim Gerity brought yourself and Senator Murphy into the private section of the Surf Club where I had the thrill of being introduced to you both. I am the proud possessor of a very nice photograph of yourself, Senator Murphy, Jim Gerity and myself, with Senator Murphy holding the illustrated brochure of "Golf in Ireland" (of which I also gave Your Excellency a copy).

I have often mentioned in The Royal Dublin Golf Club that if you had an opportunity of coming to Ireland in the near future that you would try and take time off to play our Links. I have mentioned this on several occasions and I do believe our Captain proposes to write to you in the hope that some day we might possibly have you visit with us and maybe even take on the great Christy O'Connor.

Once again may I wish you every success and God's Blessing, and remember that here in Ireland we rate the President of the United States in our affections as we do our own dear President, so that we too share his trials and his successes. I hope we will be sharing successes only.

I am sure Jim Gerity is absolutely jubilant - and you know we are too.

Yours very sincerely,

Dear Rosemary:

It was nice talking to you for just a few minutes yesterday. I didn't want to take the time to tell you over the telephone, while you were in Georgia, why I wanted you to get the enclosed, but, it is self-explanatory.

I have known Dick Nixon for years, personally, ever since he first ran for Congress. I have been with him and Pat, riding in the same car in California, where my sisters and their families live, and we have chatted together at everything from American Legion conventions to meetings at the Plaza in New York.

Dick sent a lovely telegram to us upon the occasion of breaking ground for the wonderful J. E. Matthews Memorial Research Library here at the Church League of America in Wheaton. I am enclosing a copy of it.

Lee Edwards, Willard Edwards' son, who does our public relations work, contacted Dick earlier last year and asked if he would be available to dedicate the Library. It was completed on June 10, 1968 and is a magnificent structure.

Mr. Nixon replied that because of the pressures of the forthcoming campaign he would like to wait until the campaign was over.

I believe, with all my heart, that I will have to address him as "Mr. President," after the November election. Nothing would give me greater pleasure.

When he becomes President of the United States I know he will be inundated with requests to appear and to speak at various functions.

Please keep the enclosed letter somewhere in a safe place and hand it to him when he is elected President.

Also, please gently remind him then that we want him, and him only, to dedicate this Library in the No. 1 Republican county of the country. I know of no greater tribute that could be paid to the late Dr. J. B. Matthews of the House Committee on Un-American Activities Staff and of the United States Senate Committee on Government Operations, than to have the man who exposed Alger Hiss, and the man who became President of the United States, to dedicate this great memorial.

We will have magnificent color photos made of the exterior and the interior of it and will send a folio of these to you to let him see.

The dedication date would be set to meet his schedule and I hope he will do this one and only favor for myself and for our Board of Directors, the only "political" favor I have ever asked and I have been a Republican for 32 years.

Sincerest regards,

Edgar C. Bundy

I have delayed replying to your recent letter so that I might send you copies of the new resolution which I have introduced to authorize an "annual proclamation designating the Sunday of each year which occurs immediately preceding February 22 as Freedom Sunday and the calendar week of each year during which February 22 occurs as Freedom Week."

Inasmuch as S. J. Res 110 automatically died at the end of the last Congress, it was necessary for me to reintroduce this measure this year. I can understand your concern regarding this resolution and I hope that we might be able to obtain congressional approval.

One of the problems involved is that the Judiciary Subcommittee which handles these resolutions is literally swamped with similar measures regarding other special charters, holidays and celebrations. You can be sure that I will keep you advised as to any new action which might occur in regard to this resolution.

With kind personal regards.

# Time To Get Moving Let Freedom Ring

What does the Fourth of July mean?

The question was asked not too long ago by America's oldest newspaper—the Courant in Hartford, Conn.—in a survey it conducted.

Many of the answers it received were, to put it mildly, appalling and disheartening. Among them were these:

"The Fourth of July means some sort of independence. To the working man it means a day off."

"Because it's been done for generations."

"To be truthful with you, I don't know and my wife doesn't know, either."

Have Americans really forgotten what their country is all about? They certainly have if they fail to realize that Independence Day commemorates not only the birth of America as a free nation but all that this choice land stands for.

Other peoples look at Americans and call us blessed — not only for our material abundance but also for our freedoms based on consent of the governed, on self-rule and limitations upon government power, and on opportunity for all.

Americans have an obligation to protect our heritage so it can be passed on. To this task we all should pledge our lives, our fortunes, and our sacred honor.

Dear Dr. Reynolds:

During the demanding transition period between Administrations, I am taking the liberty of answering your kind invitation to President-elect Nixon to speak in Salt Lake City at the Freedom Sunday ceremonies during February of 1969.

I wish I were writing to say that the President-elect could accept, but I am afraid it is much too early to consider any speaking engagements for the February period. You can be sure your kind invitation will be kept on a pending basis, and if there is any possibility of the President-elect coming to Salt Lake City during that time, we will be back in touch with you.

I know President-elect Nixon would want me to include with this letter his appreciation for your interest in having him, as well as to send you his best wishes.

Dear Mr. Nixon:

I sincerely hope after all these years that you can still remember a secretary at the Dudd Company in Philadelphia. It seems that every few years a letter pops into my mind that I should write and this is one such time. I am most anxious to be able to say in the future to any employer that I once worked for a President of the United States. This time I know I'll be able to make such a statement.

At present, and for the past two years, I've been a Secretary with a local Ad Agency located at 17th and Market Streets. It so happens that your campaign headquarters is conveniently located at 17th and Chestnut Street --- just one block away. You can be sure I shall offer my service to them for anything I may do to put DICK NIXON in the White House. Meanwhile, if you think there is anything I can do to help, please write to me. The kids would so enjoy a personal note from you. Anyway, if you could let me know just where I could shake hands with you in Philadelphia (believe on the 16th of July (?) -- this would make me happy indeed

Much luck always and if you can take a minute from your schedule, drop a short note -- Ray (that's my husband), the children, and I would be delighted.

Sincerely,  
Mary (Boales) Finlayson

*Dear Mr. Nixon - we tried to meet you by phone on our trip to PA. but were unable to get you. I have a letter at home that I hope to meet you & your trip. Please let me know when you will be in Philadelphia. I will be there with my best wishes to you & yours.*

Dear Mr. Bond:

As on occasions in the past, Mr. Nixon has asked me to assist with his very busy schedule. In this connection Miss Rose Mary Woods has forwarded to me your letter of June 25th inviting Mr. Nixon to campaign in Spokane.

Mr. Nixon greatly appreciated receiving your kind invitation, and I wish this letter were bringing with it the news that he could definitely accept. However, for the time being it will be necessary for us to keep your invitation on a pending basis until we can work out a complete itinerary for Mr. Nixon's Fall schedule.

I know Mr. Nixon would want me to include with this letter his appreciation for your interest in having him, as well as to send you his best wishes.

Sincerely,

John C. Whitaker

Dear George:

As you probably know, I tried unsuccessfully to reach you by telephone. The purpose of my call was to tell you how much I appreciated the very kind comments I understand you made with regard to my candidacy at the meeting in Cleveland which Maury Stans attended recently. It is most heartwarming and reassuring to know that we will be fighting on the same side for the victory which is so important for the nation next November.

I am trying to arrange my schedule now for a visit to Cleveland after the fourth of July. Just as soon as the date is set up, I shall see that your office is informed because I would hope that we could get together for a chat at that time.

We are all terribly concerned, as I know you are, about the General's latest setback. He must really have a rugged constitution to go through what he has up to this time and we can only hope that he will get through this crisis as he has so often in the past.

Pat joins me in sending our very best wishes to Pam and to you.

Sincerely,

The Honorable George W. Humphrey

Dear Valley:

Pat and I were delighted  
to receive your April 2nd letter.

It's your kind of friendship  
and support that will refresh us in the  
days and months ahead and we are deeply  
grateful.

We both look forward to visiting  
with you as soon as our schedule brings us  
to Los Angeles -- in the meantime, keep up  
the good work!

Dear Godfrey:

Now that the campaign schedule in New Hampshire has been completed I am trying to catch up on my correspondence.

I appreciate your renewing the invitation to meet with your breakfast group and wish it had been possible for me to have accepted for one of the dates in your telegram. Unfortunately, it was not possible since I did not have a chance to come to Washington on any one of those dates and I do not at this time have plans to be in Washington. However, I will ask John Whitaker to keep your invitation in my pending file and be in touch with you the next trip I make to D.C. when the schedule will permit my accepting your invitation. As I mentioned when I talked with you, I have a number of similar invitations and hope to be able to accept all of them over the next few months.

With best personal regards,

Sincerely,

Mr. Godfrey Sperling, Jr.

DANIEL J. EVANS  
GOVERNOR

November 28, 1967

Mr. Richard M. Nixon  
20 Broad Street  
New York, New York

NOV 29 1967

Dear Dick:

This letter is an invitation to come to our state sometime during the next six months to help with a Republican fund raising event and to provide you with an opportunity for exposing yourself before the citizens of Washington State.

There is a strong desire on the part of Republican State Central and Finance Committees in many of our key Republican counties to have you participate in the 1968 Republican victory efforts.

I can appreciate the fact that you have a busy schedule and it may not be possible for you to commit a specific date; however, I would consider it a personal favor if you think you could include the State of Washington in your travel plans in the next few months.

I understand you have advised Mr. George Gunn, our Republican State Finance Chairman and also our State Chairman, C. Montgomery Johnson that you would come to the State of Washington, but have not firmed up a date. Perhaps you will have a better idea in the near future.

Details for a specific speaking engagement from the Washington State Republican offices would be forthcoming once we know of your plans. The Washington State Republican Party would expect to reimburse you for travel expenses.

I look forward to your favorable reply and if I can be of any assistance to you, please let me know.

Sincerely,

Daniel J. Evans  
Governor

Dear Dan:

I greatly appreciated your cordial invitation to visit the State of Washington sometime during the next six months.

Unfortunately, as I am sure you will understand, my schedule for the months ahead is so over-crowded that I am unable to suggest even a tentative date at this time.

You may be sure I will be glad to hold your invitation in my pending file and in the event I have an opportunity to accept your invitation to address a Republican fund-raising event at a later date, I will be back in touch with you.

With kindest personal regards,

Sincerely,

Political Projecting on Governors' Conference

1. This Governors' Conference will select a replacement for Governor Chafee as Chairman of the Republican Governors' Association. Both Governor Shafer and Governor Reagan are vying for the job, although the Reagan people swear they are not. Reagan should get it if he goes after it.
2. Ray Bliss will speak to the governors on Saturday for about 45 minutes. No one seems to know exactly what he expects to say to them. There is some speculation that he will try to get a resolution passed, but the governors are requesting that he (Bliss) be kept on as National Chairman of the Republican Party. If this appears to be the case by tomorrow, we shall get a couple of our friends to submarine the resolution on the grounds that the National Chairmanship is a matter that is entirely up to the President.
3. Tim Babcock feels he ought to be offered a Federal job since he was an early supporter of RN and has now been ousted from the governorship of Montana.
4. If you see Paul Laxalt, encourage him to run for the Senate in '70 (Senator Cannon's seat).
5. As a result of the last election, we picked up seven new governors (Moore in West Virginia, Davis in Vermont, Walter Peterson in New Hampshire, Bob Ray in Iowa, Russel Peterson in Delaware, Whitcomb in Indiana, and Ogilvie in Illinois) and lost two (Babcock in Montana and Chafee in Rhode Island) for a net gain of five. When Governor Agnew resigns his position in Maryland, we will then have a grand total of thirty statehouses. It might be nice for RN to mention these new governors along with Frank Farrar, the governor-elect in South Dakota in his remarks on Friday. Also indicate that RN will take greater interest in the governors' races in Virginia and New Jersey which will be held in November, 1969.
6. The Republican governors feel that LBJ did a great deal to improve Federal-State relations and are anxious that the incoming Administration will try to improve on the work that has already been done. Governor Agnew will indicate the Administration's interest in so doing, but it would be good for them to hear it from RN as well.

MEMORANDUM

TO: RN  
FROM: ELLSWORTH  
RE: AGNEW'S ROLE IN CONNECTION WITH THE GOVERNORS CONFERENCE

(1) Agnew has already had his friend Lasalt stimulate his friend Reagan to make himself available for the Chairmanship on the ground that not only should the Chairman be a Westerner (Following Chafee's term) but also, it should be a strong Westerner. (Agnew's basic motive of course was to set up a power center within the Governors Conference that would be competitive with Rockefeller).

(2) Agnew (supported by our staff) will make it clear that the Republican Governors are to provide their patronage inputs through him.

(3) Agnew is scheduled to make an address to the Governors in an executive session in which he will talk about welcoming initiatives from the Governors in connection with the revenue sharing/bloc grant syndrome and also equilization of welfare payments.

On Friday afternoon Agnew and I will bring all the

Governors except those you have already seen over to Walter Annenberg's, together with appropriate still photograph coverage. This will be done in a mode not yet determined. It will have to be played by ear as to whether, at first, one or perhaps a small group of 2 or 3 will be brought to be followed by the others. At some point during the two-hour period it is probable that substantially the entire group of those eligible will be there (excepted from the Annenberg meetings: N. Rockefeller, Shafer, Kirk, Reagan, Nunn, Chafee, Babcock, Romney, Volpe and Hickel.

The Big Picture.

The above are specifics of a maneuver designed to establish Agnew as a credible and viable control point between the Republican Governors on the one hand and the President on the other.

NB: Agnew will have no press conferences and will in fact make it a point to avoid the press, or if encounters with the press are unavoidable, to be a source of no news.
