Dear Chad:

This is to confirm information given Herb Kaimbach on the telephone Tuesday.

During his visit to San Diego on Tuesday, Dick had a private session with C. Arnholt Smith and Admiral Les Gehres and a man whose name, I believe, is Breitbard.

As a result of this session and an earlier conversation with Mr. Parkinson (Chairman of Republican Associates), it was agreed that Gehres would serve as San Diego County Chairman, Smith as Finance Chairman, and Breitbard as Treasurer.

I talked with Gehres Wednesday and it has been agreed between us that no announcement will be made for a short while since Gehres wishes to firm up organization structure and procedure in advance of such announcement.

I am asking Charlie Farrington, by copy of this memorandum, to have the News Bureau obtain complete biographical data on these gentlemen pending preparation of the announcement.

Dear Phil:

This letter will briefly recap our discussion the other evening regarding the formation of a key Public Relations Advisory Group.

It is my understanding that you have agreed to head up such a group, and that you will prepare a list of suggested members for our mutual consideration prior to making any direct overtures.

It is agreed that this group will not be publicized in any way, and will be asked to provide advice and counsel on a wide range of campaign matters relating to all phases of Public Relations, including advertising, promotion, campaign materials, and strategy.

I have discussed this with Milt Esberg and he has agreed to serve on the Committee, and was very pleased that you were going to bring it together.

I think this should be a small group limited to top professionals in the various areas of Public Relations.

Since Leone Baxter has agreed to counsel with the Campaign Committee, I would suggest that she be asked to join your group. You, Leone and Milt, plus one or two others should probably do it, at the outset at least.

I look forward to hearing from you. Best regards.

Loie -

Scraping through the barrel of notes from the recent San Francisco trip, I find that RN tried to call Jerd Sullivan at the Crocker Bank, but did not talk with him.

I placed the call and got Sullivan who said he was in a meeting and thus unable to talk, and suggested we try to call later. We did try later, but by then the bank was closed.

Sullivan should probably have a note from RN saying he had hoped to chat with him, but will try again.

Dear Kay:

Jim Reynolds has given me a copy of your letter to him dated March 22nd.

I am sorry to hear you are worried, and trust that by answering some of your questions, we can allay some of your fears and get you in a position to help us solve the remaining problems.

Although San Francisco County headquarters just opened, we have had a Northern California campaign office in operation for three or four months, and I am sorry you did not establish contact earlier. Covering your specific concerns:

1. Material has been shipped to every County in Northern California and Art Carmichael should have a complete supply for Santa Clara.

As far as the Booth at the Home Show is concerned, we got a vague notice of this rather late, and consequently were unable to get a straight answer on what was expected.

Please let me know if you still feel this material situation is a problem after doing a little more checking on it up there.

2. As to lack of activity, a tremendous volume of suggestions and programs have been sent to the Northern California Chairmen from the San Francisco headquarters. I certainly hope that by working with Carmichael you can help get some of these under way.

- 3. A to the deep split, I would be interested in any further suggestions you may have in the weeks ahead as to how this can be remedied.**

I agree that general concentration from here out must be in attacking our Democratic opponents and it is Dick's intention to do so, without further reference to Welch and the Birch Society.

Keep up the good fight. With your help and the rest of the stalwarts, I am sure we will win.

Mr. Braden, Publisher of the Oceanside Tribune, an unfriendly Democrat, called to remind me that when he saw RN in San Diego recently, RN said he wanted to take a walk along the beach in Oceanside as he and Pat had done years ago -- just for old time's sake.

Braden ran a story on this sentimental desire and he therefore feels it is most important that when RN is in the area, that he take the walk! Braden feels that RN has promised the people of Oceanside that he will do this (through the story in the paper) and that it would be very unkindly received if he did not do so.

Mr. Sherrill Corwin, a part owner of KEZY in Orange County, informed me at lunch yesterday that this station's Board has met and has decided to endorse Nixon for Governor and Kuchel for U. S. Senate.

The station will broadcast editorials during the Primary, announcing their endorsement and reasons therefor.

This endorsement results primarily from Corwin's attendance at the Stanley Freeman party last week where your message completely converted him from Pat Brown to you.

I am asking Lois to prepare a letter for you, thanking him for his support.

Corwin has asked that we send all available literature and other material to Dan Russell at KEZY. He should get any brochures that we publish and anything you feel will be helpful to him in preparing editorials for broadcast. This is obviously a real asset and should be properly handled.

A Mr. Hugh Matlock called. Would like to have an appointment with RN.

Said was from Texas - a Republican.

- has "legislative matter" he is fostering -- and trying to get to RN.

- Matlock said he was National Chairman of the Electoral College Reform Committee.

I asked him re: "legislative matter" -- and he said the object was to change the Electoral College -- have Electors voted in on the ticket with the President and Vice President.

Someone should call him back ---- he is at Gaylord Hotel - 387-4746. (Wanted to know your name -- and mine -- and has them.)

Dear Mr. Trutanic:

Dick Nixon has shown me his recent correspondence with you and has asked me to get in touch with you.

We would, of course, be fortunate indeed to have your active participation in the campaign, and I would like very much to discuss this with you - especially in connection with the Latin American groups.

Do you plan to be in Los Angeles in the near future? My thought is that perhaps we could arrange to get together here.

If you would let me know when your next visit is planned, I would certainly hope we could work out a mutually convenient time to meet and discuss this matter in detail.

We do appreciate your interest and offer to help, and I'll await further word from you.

Kind regards,

Sincerely,

H. R. Haldeman

Dear Pete:

I was very distressed when St. Patrick's Day ran its full course without a peep of a Bagpipe - or even a telephone call from you. But my grief was completely assuaged by your letter of March 27th and, most importantly, by its accompaniment.

You can continue, however, to enjoy the thought of my searching for money, rather than spending it lavishly, since I am doing far more of the former than the latter at this stage.

Joha has not come across with the Shay's \$2,500 - but then, I haven't been able to set up a luncheon he wanted me to work out with the old man - so I guess it's my fault.

Do, by all means, continue to search for this sort of material back there. It all helps.

Trust the Flanigan clan is in its usual great shape, and that you will wend your way westward before too long so that we can belatedly celebrate the second anniversary of the infamous March 17th.

Very best.

Sincerely,

H. R. Haldeman

I talked to Murray Chotiner about the attached letter from Seymour Chotiner and he says we should be rather careful about giving Seymour too much of a free hand in bringing people in.

Murray says Cordingly is perfectly all right; Sugarman probably is all right; Larimore would be all right to include as one in a large group, but should not be brought in alone or in a small group. He has been involved in a burglary case and some other unsavory matters.

Murray also says that the Convair airplane should not be accepted if it is Larimore's plane, and he thinks it probably is.

Do you want to follow up with Sugarman, or should I?

I am concerned about Lou Mack's financial arrangements, especially since I see invoices from him, including charges for photos and prints of Nixon tours. I would like to discuss this with you.

Mrs. Drown telephoned. Had spoken personally with RN the other day about her telephone call from and conversation with Mr. Lowell McGinnis. He is Secondary Administrative Coordinator - L.A. Schools.

He was calling her to see if a meeting with RN could be arranged with other top Administrators. Mrs. Drown said RN, when told of this, thought it terribly important to set this conference up -- and soon.

According to Mrs. Drown, Mr. McGinnis volunteered the information that most of the top educational administrators despise Brown -- feel he has done real harm -- certainly has not helped the schools.

Mr. McGinnis would contact some of these other top administrators to meet with RN to discuss specific problems...meeting would not only accomplish giving RN essential information in the field of education as a state issue, but also the fact he has met with these people would filter down through the school systems -- teachers and officials would soon be aware of the meeting.

According to Mrs. Drown, RN said to call Mr. McGinnis, tell him to get the people together, and arrange the meeting as soon as possible..... that you should make the phone call, saying you had talked with RN and that he is anxious to meet with them, find convenient time etc.

William Moore

Waller Taylor tells me that William Moore, President of the Tejon Land Co. in Kern County, would be very helpful in the Nixon organizational work in the County. His address is Tejon Ranch, P.O. Box 1860, Bakersfield, and I would suggest you follow up on this fairly quickly.

Honorable Howard J. Thelin

Dear Howard:

Many thanks for your letter regarding John Newman.

You should know that Mr. Newman was in a meeting with RN held several weeks ago, along with several other top agricultural leaders. It is my understanding, however, that he has decided not to work actively or directly with us, at least at this point in the campaign.

You should also know that a "Farmers for Nixon" Committee has been set up on a Statewide basis with offices in Modesto. They have retained the professional services of Ross Wurm and Associates, the Public Relations firm handling the Veneman campaign. They are actively engaged in contacting farmers throughout the State and organizing them into an effective Nixon team. This program has not yet been publicly announced, but will be shortly.

Thanks for keeping us posted, and best regards.

Sincerely,

H. R. Haldeman

Dear Norm:

Thanks for your letter - and the reassurance. In turn, I want to assure you that we are not writing off any District, and certainly never the 58th.

For you, and those 58th District supporters, we are happy to send along a supply of window-stickers, pins and brochures.

Many thanks too for your offer to help out. We will probably be calling on you soon.

Best regards.

Sincerely,

H. R. Haldeman

Honorable Howard J. Thelin
State Capitol
Sacramento 14, California

Dear Howard:

Thanks very much for your letter of March 19th regarding Jack Veneman's recommendation that RN visit his District on April 10th.

I know there is a very strong feeling on Jack's part, and on the part of some of our Nixon Committee people in Stanislaus County, that Dick should also visit Turlock while he is in the County. I have passed this recommendation on to people who are working on the schedule plans, but personally feel that on this kind of a visit, and with the limited time available, it would be much more worthwhile to have one big truly outstanding event in Modesto than to divide up appearances among several smaller communities. Up to now we have found this procedure has been extremely worthwhile, and that when we have made a number of small appearances, the effect has not been nearly as great. Also, you and Jack should realize that an extra hour doesn't really accomplish much in trying to hit two additional towns, since it really isn't enough time to do it right. As you know, our approach all along has been that we want to do the best we can with each individual appearance, rather than just strive for numbers of appearances.

You can certainly assure Jack that Dick will be back in the District several times, and that on return visits activities can be planned in other cities of the county.

Thanks very much for keeping us posted, and best regards.

Sincerely,

H. R. Haldeman
