Dear Mr. Condon:

First may I thank you for your letter of inquiry regarding possible participation in the Nixon-for Governor campaign. Mr. Nixon appreciated your writing and your fine expression of interest and support. Since campaign staffing falls under my office, he asked me to review your letter and resume.

Although our staff is at full compliment, I am referring your letter to our Northern California office so that they will be acquainted with your background and availability this summer or fall. It would be my suggestion that when you do return to California, you contact the Nixon-for-Governor office at 525 Market Street, San Francisco, DOuglas 2-5576, and discuss your current situation with either Mr. William Spencer or Miss Jean Dewey.

We do appreciate your writing us, and of course are hoping that if a staff position is not open, we can count on whatever time and help you may be free to offer us in other areas.

Kind regards and good wishes.

Sincerely,

H. R. Haldeman

Dear Mr. Copeland:

This letter will acknowledge your generous offer of the use of the 1962 Chrysler New Yorker for Mr. Nixon during his Southern California campaigning.

The specific arrangements outlined in your letter of March 30th will of course be most satisfactory.

The persons authorized to pick up this automobile will be Messrs. Beeth Turner, Mick Ruwe, and Sandy Quinn. All are on Mr. Nixon's personal campaign staff. We will be sure that they give you twenty-four hours notice prior to desire to pick up the car.

At this point I am not able to give you much of a schedule on the use of the car other than the possibility of April 12th and 13th. I am sure it will not be needed from April 14th through the 22nd. We will try to get a tentative schedule down to you as soon as possible.

Meantime, please accept my thanks and those of Mr. Nixon for this very generous and substantial assistance.

Sincerely,

Dear Alan:

Thanks very much for your April 2nd letter regarding schedule possibilities. Taking the items you raised in order:

- 1) We have been trying to work out a time for the luncheon at the Merchandise Mart, but I think you will agree with me that since we have been unable to clear a date up to now, it would be much wiser to put this off until the general campaign, when we can gain more direct advantage from a meeting with such a large group of influential Democrats. Our strategy from this point through June 5th must obviously be to shift our concentration substantially to reaching and enthusing large numbers of registered Republicans. This doesn't mean we ignore the general public, but we do shift our concentration.
- 2) Obviously the meeting with Henry Budde would be extremely beneficial and I am delighted to know there is a possibility of setting this up. Wednesday is so jammed now that I don't see anyway of doing it then, although you might discuss this with Helen Gale and through her, with Nick Rowe. My suggestion, however, would be to try to work this in on April 26th when Dick is up there for a very quick trip to speak to the Irrigation District group at noon. We can't do much else that day, but the Budde meeting might be possible.
- 3) The publishers of all the major papers have been visited several times by the Candidate. As you know, we are not going to get official support from all of the papers, but the visits have been made and I agree it was important that this be done.

Glad to hear the headquarters is open. Keep up the good work.

**Arthur J. Delan, Jr., our Finance Chairman for Northern California, called today about several matters, among which was the recent prison break at San Quentin.**

**Delan sent us some material which I passed along to the Research Department on the bad prison administration. This included a schedule of riots, killings etc. Delan feels very strongly this is a very hot potential issue which would have good mass voter appeal. He points out that Senator Reagan was fed up on the whole narcotics business, which is of course closely related to this, and that Reagan started an investigation last fall, but was stopped -- presumably by the Governor's office -- because they realized he would uncover some things they didn't want uncovered. This angle should be worked on.**

**Will you please be sure we are pulling together everything possible on this and are developing recommendations for the Candidate? Delan is sending some additional material which I will pass on to you immediately.**

Dear Colonel Parsons:

Dick Nixon has shown me your letter and we have discussed the possibilities of your taking an active part in the campaign here in California. Since campaign staffing falls under my office, he asked me to write you immediately and explain the status of our organization set-up.

Certainly your offer is appreciated, and I only wish we could say a staff opening, suitable for your background and experience, was open. However, our campaign staff is at full compliment and I cannot say there is anything in the offing which would fully utilize your abilities. Additionally, we do not have the funds to increase our staff beyond its present limits.

It would be my suggestion that if you do relocate and establish yourself on a permanent basis in California, that you let us know your whereabouts and your situation at that time.

Thank you again for writing. On behalf of Mr. Nixon and the campaign organization generally, we are deeply grateful for your thoughtful gesture and for the sentiments you have expressed in your letter.

Kindest regards and best wishes.

Sincerely,

**Thorsten suggests that we get in touch with James G. Sanders, General Chairman for the meeting in Fresno, to get whatever additional background we might want for RN's remarks. Sanders can be reached at The Lucky Hereford Ranch, Gilroy, telephone VI 2-4022. He is a Republican, and should be very helpful.**

**Thorsten says there will be 1500 at the Banquet, representing 7 or 8 western states, but 90% Californians. It will be evenly divided between Republicans and Democrats, but the Democrats present will be strongly conservative. The audience will be composed of commercial and regular cattle people -- farmers, feeders, feed raisers, representatives of packing, processing, wholesaling, retailing and agricultural colleges.**

**General subject of the overall conference is the scientific side of cattle raising. The group desires a non-political speech, but it could have political overtones.**

**Thorsten says the cattle people have not accepted government subsidy. They work on their own in cooperation with the government and the schools.**

April 9, 1962

Dear Ralph:

As I am sure you know, Dick is addressing the California Hereford Association in Fresno on May 18th.

I had a conversation with Dan Thornton, former Governor of Colorado, regarding this meeting. He recommends that we get in touch with James G. Sanders in Gilroy to suggest that he head up a "Stockmen for Nixon" group. This, it seems to me, could come under the overall blanket of "Farmers for Nixon", but perhaps as a somewhat separate operation.

I don't know whether you knew Sanders -- I do not. Thornton tells me he is a highly successful stockman, both in cattle and sheep. He is a member of the Boards of Directors of all the important stock associations, and is considered the outstanding Hereford judge in the world. He is an ardent Republican from Nebraska and, according to Thornton, strongly pro-Nixon. He is General Chairman of the Fresno meeting, only 36 years old and apparently quite dynamic. He is, I believe, General Manager of Eugene Selvage's agricultural interests. Selvage, as you know, is head of Lucky Lager.

Sanders can be reached at The Lucky Hereford Ranch, Gilroy, telephone - VI 2-4022. Do you want to contact him regarding the possibility of setting up a "Stockmen for Nixon" unit, or would you suggest some other approach?

Best regards.

Dear Mr. Conboy:

I am sorry to have delayed writing you. We have, however, been attempting to work out ways and means of accepting your offer to be of service to our staff out here.

After considering every possibility and discussing the situation with others immediately concerned, we must now advise you that it does not appear we can take advantage of the fine contribution we are sure you could make to our organization. The funds are not available to expand what we are certain will be the necessarily compact staff which will carry through the summer period.

We regret very much indeed our decision must be as it is. You will want to finalize your own plans for the immediate future, and I am only sorry we could not work something out for you out here.

Dear Tom:

Many thanks for your note of May 29th.

We will certainly attempt to run down any unanswered letters which might have come in from Burton Arnds and Margaret Voorhees.

I would never minimize the importance of situations like this. However, there have been many instances where such reports have been checked out and no basis found. They are circulated for obvious reasons. In other cases, however, where oversights have occurred, there has been immediate "repair work", which is what we will do in the case of Mr. Arnds and Mrs. Voorhees.

Will you and Valley both let us know if you hear of anything else along this line happening so the needful can be done.

Herb -

In a letter to RM, Congressman Bob Wilson mentions Rachel Wyllie's son and recommends he be contacted, if he is not already active in the campaign.

To my knowledge, he has not been contacted. Will you follow through on this and make sure someone calls him in connection with the general campaign period? I don't know whether he is interested in a paid position - or what, but if you can find out the story and at least cover us on getting in touch with him, this is something that should be done.

The attached copy of a memo of May 27th  
from Rose Woods will be self-explanatory.

Will you follow-up and make certain someone  
contacts Von Reimers? I have told Rose you would  
handle this appropriately, that it was too late to  
reply to his letter (also attached).

May I have a report back on this?

Dear Mr. Wright:

Mr. Nixon appreciated very much your letter of May 25th. He was very interested in your report and commented on the excellent thoughts you had expressed. Your explanation of his position on the issue involved was all it should be.

For the fine manner in which you handled this situation, and for your loyal support and help, we are all exceedingly grateful.

Kindest regards.

Dear Bob:

Your letter of May 28th contains some interesting observations in connection with Dick's endorsement of Proposition 5.

Your suggestion is being passed along for whatever implementation may be possible.

We appreciate having your thoughts on this, Bob, and any other ideas or suggestions you have in the months ahead will be gratefully received.

Many thanks.

Dear Mrs. Weegar:

Thank you for taking the time to write me, and for your always loyal support and help.

As I am sure you know, Dick Nixon has not endorsed, nor will he endorse any primary candidate. He has stated his position frequently and firmly in this connection. It is unfortunate when such endorsement is implied by certain strategy employed by a candidate, but I can assure you, there has been no endorsement of Mr. Noonan or any other Republican candidate.

We do appreciate your writing us.

With kind personal regards.

Dear John:

Many thanks for your letter  
of May 27th.

Your report on Shell's  
appearance in Redding was interesting  
and your comments well taken.

Glad to have your reaction  
on Dick's statements. I certainly agree  
it is unfortunate press coverage has been  
lacking and so many of his statements on the  
vital issues have not received a play.

Keep us posted on activities  
there and again, thanks much for your  
fine help.

Dear Mrs. Meier:

Thanks very much for your letter of May 28th, and for the material from The Conservative Society of America which you sent along.

We are certainly interested in having this, as well as your comments and reports on The Independent American.

We would like to keep this material in our file.

Our thanks again for your interest and help. You and your husband are doing a great job for us. Keep up the good work.

Alan Nichols, our San Francisco Chairman, put on the Chairman of their Win Program among Maintenance Workers during the RN telephone call to headquarters Saturday morning.

This fellow, who is organizing the Maintenance Workers for Nixon, assured RN he would have every janitor in San Francisco on our team, and that working together, they would produce a "sweeping victory".

Somehow you should be able to make a story out of this.

The Nixon headquarters telephone calls Saturday morning were in general very successful.

We did sense, however, some indication of weakness in the Escondido area. They seemed to be much more concerned about relative Shell strength there than any other headquarters called.

Dick probably has mentioned this to you already, but he felt you should pay special attention to Escondido, and that they might find it helpful to get the results of the La Jolla poll, which was reported as:

1987 calls (25 precincts)	1453 for RN
	154 for Shell
	380 Undecided

Dear Doug:

I am sorry to be so long in replying to your letter of May 7th which wound its way from Riverside out to Santa Monica, and which I certainly was delighted to receive.

Unfortunately we are not going to have anything available in the way of a paid position with the Nixon organization this summer, and I am sure you did not have in mind coming out on a 100% volunteer basis, which is about the only way we could handle it.

I know you could be of tremendous help to us and that you could learn plenty about politics, if you should decide you do want to make the trip on your own. If this is the case, we would be delighted to have you and to put you to work productively from the moment of your arrival.

Please give my very best to your Dad.

Sincerely,

H. R. Haldeman

Dear Mrs. Jamison:

Thank you for writing us again. We are of course very interested in receiving your reports on activity there, as well as your suggestions and thoughts along other lines.

I am enclosing a few items which I feel sure you will be interested in seeing, if they have not already been brought to your attention.

The Telethon, which you will be viewing on Channel 3 in Santa Barbara, promises a great deal and I am sure will prove very successful in getting across Dick Nixon's points on many issues.

Many thanks for your interest and keep up the good work.

Dear Mr. Evans:

Dick Nixon has shown me his recent correspondence with you.

We certainly think your idea of out-of-state letters of support in Dick's gubernatorial campaign is an excellent one. This type of activity can be extremely effective in the general campaign period and will certainly be given every consideration. The fine help of people like yourself in this connection would be invaluable.

If I may, therefore, I will follow up on this with you direct in the post-primary campaign period. Meantime, however, if you have any further thoughts along this line or other suggestions you feel would be helpful, they will be gratefully received.

With many thanks and best regards.

Dear Al:

We will keep the Hungarian Freedom date on the calendar for consideration in post-primary scheduling. Let us have more details as they develop, and if this could be worked into the itinerary, I agree with you it would be an excellent thing to do.

On the Steuben Society membership, I am passing this along to Dick's office for handling.

Many thanks, and best regards.
